[Chosen Subject] progression map

Y6

- How have living things evolved over time?
- How can we classify living things into specific groups?
- How do our eyes work?
- How can circuits vary?
- How do the animal's living systems work together to maintain a healthy body?
- How does the Earth fit into our solar system?
- How can we observe forces?
- How do we change as we grow older?

Y5

- How do we separate materials?
- How do different living things reproduce?
- How can the environment affect different groups of animals?
- How does sound travel?

Y4

- How does temperature affect different materials?
- How is energy transferred in living things?
- How does electricity travel?
- How can we classify rocks?
- How do the systems inside our body work to make a healthy human?
- How does each part of plant fulfil its function?

Y3

- How does light travel?
- How do magnets work?
- How do the skeleton and muscles of animals protect and support them, and how do nutrients provide for the body?
- How do we know something is alive?
- How do living things change and have offspring?
- How are materials chosen in design?
- How do seeds and bulbs grow into healthy plants?
- Why do we need to be healthy?

Y2

- How can we group animals?
- Why do we use different materials for different things?
- Why does the weather change during the different seasons?
- What makes us human?
- How can we identify different plants and trees?

Y1

- What food grows on a farm?
- What animals live on a farm?
- What do mini beasts look like?
- Where do mini beasts live?

R

Reception - I'm a scientist every day

- I can talk about similarities and differences
- I can talk about changes over time
- I can make healthy choices

- What is winter?
- What do plants need to grow?
- What is summer?

N

- What is autumn?
- Where do materials come from?
- What is spring?
- What are materials used for and what do they feel like?

Nursery - I'm a scientist every day

- I can talk about plants, animals and found objects
- I can talk about growth, decay + change over time
- I can show care and concern for living things
