Activity

Order the labels to show how bees help us get food.

bee **crop** **humans eat** **flower**

Draw and label a meal that you have eaten this week.

Look at the list of crops that bees help to pollinate.

apples	**cherries**	**pumpkins**	**apricots**
pears	**runner beans**	**courgettes**	**cucumbers**
strawberries	**blackcurrants**	**plums**	**chillis**
raspberries	**peas**	**blueberries**	**peppers**
banana	**orange**	**pineapple**	**cocoa** (chocolate)

How much of the food you ate this week would be missing without bees?

List any foods that you **could not have eaten without bees** below.
