Activity

Use your atlas to help you label the world map with the seven continents, five oceans, equator, and northern and southern hemispheres.
Use the word bank to help you if you need it.

blue boxes = oceans **green boxes = continents** **red boxes = invisible lines/areas**

Asia	Africa	North America	South America	Antarctica	Europe	Australia
equator	northern hemisphere	southern hemisphere	tropic of Cancer	tropic of Capricorn	Indian Ocean	Southern Ocean
Arctic Ocean	Pacific Ocean	Atlantic Ocean				

Challenge: Why do you think geographers split the world into hemispheres? Discuss with your partner.
