

Where is our local park, and how do people get there?

Can you draw a **route to your local park**? Use **Google Maps** to help you plan a route. Use coloured pencils to **highlight** the route. Your starting point will be your school. Label your **Point A** and **Point B**. Remember to include a **key**.

Insert a map of your local area to include local parks and your school.

Can you use another colour to **plan a different route** to your park? What **transport** would be the best to travel there and why?
