

Challenge

Jamie says, "There is **no point in recycling**. It doesn't make a difference!"

Angie says, "**Ocean plastic pollution** is a problem created outside the UK."

Elijah says, "Putting **non-recyclables** in the recycling bin will **contaminate** everything."

Attia says, "**Bamboo** is a good alternative material as it is **100% decomposable**."

Read each of the **children's statements** below and decide whether each one is **true or false**. Explain your choice using your knowledge from this lesson.
