

Activity 1: Plan your debate **against** mega-farms

Choose which **one of the points** below is **the strongest** and **tick the box**.

Growing free-range and organic chickens requires **a lot of space**, whereas intensive farms typically have about **15 chickens per square metre**, about the area of an A4 sheet of paper per bird.

☐

Local communities say that mega-farms **produce foul smells**.

☐

Think about the **lesson** you've just had and add **two more of your own ideas**:

Look at this **point** below that some of your '**for**' classmates may argue. Write a sentence deciding how you would **oppose their point**:

It keeps **food cheap** for consumers. Lots of people **can't afford to buy organic and free-range food**.
