

# Activity

1. Draw a map of the **school grounds**.

2. Label any **microhabitats** that you see.

A large, empty rectangular box with a black border, intended for drawing a map of the school grounds.

3. Choose your favourite **microhabitat** and draw a detailed sketch.

A large, empty rectangular box with a black border, intended for drawing a detailed sketch of a chosen microhabitat.

4. Add in any **plants and animals** that **live** there.

5. Label all the **plants and animals** you have drawn.

6. Add describing words to your pictures to describe the microhabitats.  
(e.g. damp, dark, wet, leafy)
