

Activity

Draw pictures to show your predictions and observations.

Plant description	What I think it will look like after one week	What it actually looked like after one week
Plant one will be put somewhere warm and sunny and will be watered daily.		
Plant two will be put somewhere warm and sunny and will not be watered.		
Plant three will be put somewhere cold and dark and will be watered daily.		
Plant four will be put somewhere cold and dark and will not be watered.
